

Important! Rocky Mountain Power's  planned changes to the  incentives and equipment qualifications associated with our energy efficiency program became effective January 30, 2016. Changes include new smart thermostat and advanced power strip incentives, the removal of incentives for refrigerators and freezers, and updated qualification requirements for various HVAC measures. For questions or additional clarification, please email HES@rockymountainpower.net.

New Homes

Get up to
\$1,300
cash back

Build for efficiency and earn your rewards

Rocky Mountain Power offers builders the opportunity to receive cash incentives for including high-efficiency products and features in new single-family homes. Stand out and show your commitment to quality with homes that deliver superior comfort, greater durability and lower energy costs.

Apply by Mail

Application Status

Qualifications & Incentives

Qualified New Homes Features	Incentive*
New Homes Heat Pump	\$500
New Homes Ductless Heat Pump	\$1,300
New Homes Heat Pump Water Heater	Up to \$550
New Homes Windows (electrically heated homes)	\$3.00/ sq. ft.

New Homes Whole Home Performance Path

up to \$5,000

**Incentive is available to either the homeowner or the builder, not both*

Ensure the home qualifies:

- Must be new construction
- Work completed must comply with all building codes and standards
- Home must meet individual program requirements for all services completed

Additional program rules:

- Mail all documents so they are postmarked within 90 days of service completion date
- Incentive not to exceed project costs

Required documents:

- Completed and signed Incentive Application(s)
- See individual applications for all additional specific required documentation

Customer Eligibility

Residential electric customers residing in the state of Idaho who purchase their electricity from Rocky Mountain Power on rate schedules 1 or 36 qualify. Landlords who own rental properties served by the company in the state of Idaho where the tenant is billed on rate schedules 1 or 36 also qualify for this program. You can locate your rate schedule on your bill or by calling 1-888-221-7070. Incentive checks are only issued in the name of the Rocky Mountain Power account holder.
